ThermoScan®

Choose the brand doctors use the most*

- More accurate**
ExactTemp™ technology to improve accuracy: the preheated probe tip minimizes the cooling effect caused by the introduction of a colder tip into the ear.
- Unique positioning system**
confirms the thermometer is in the correct position in the ear for an accurate measurement.
- Fast, easy and gentle**
Only several seconds for an accurate measurement.
- Memory function**
- IRT 4520: Recalls last 8 measurements.
- IRT 4020: Recalls last reading.
- Safe**
Braun disposable lens filter to eliminate the risk of cross-contamination and inaccuracies.

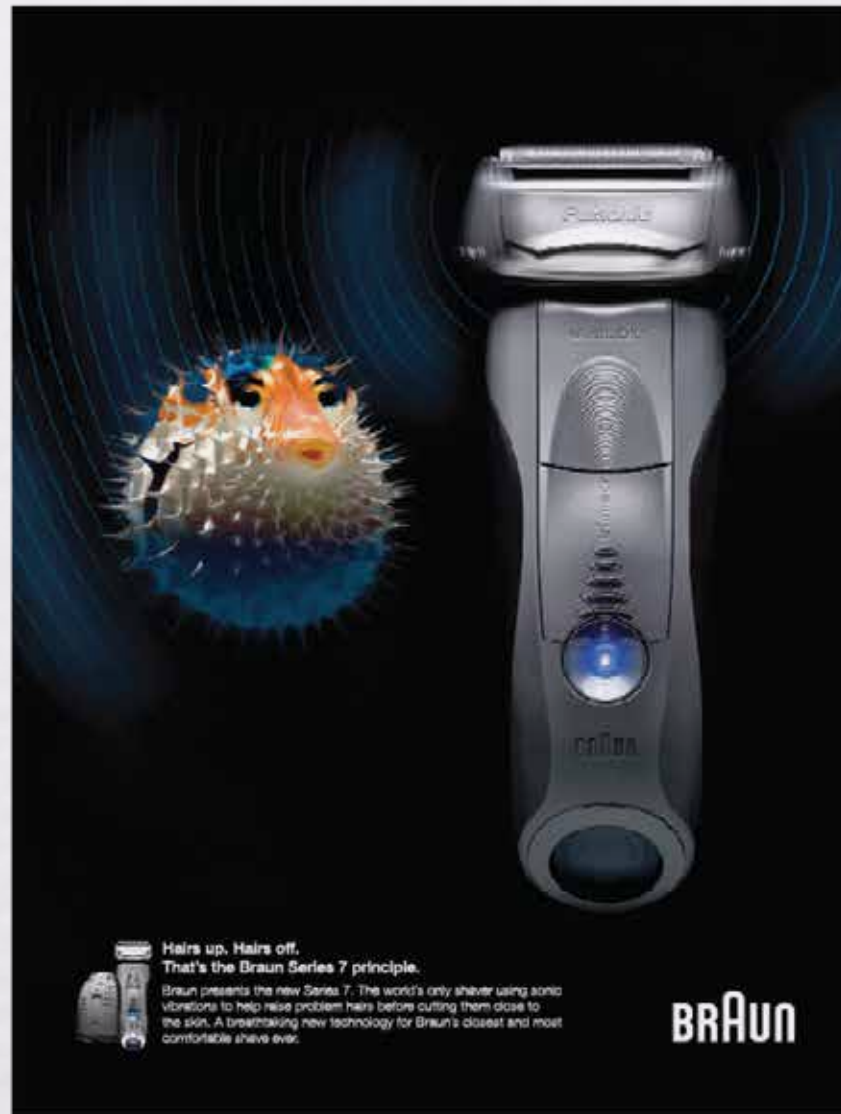

Clinically proven more accurate than rectal or temple**

*Based on survey of pediatricians and general practitioners in UK, France, Germany. ©5 Custom Research. France 2005 and on a survey of pediatricians in the United States and published ear thermometer data.

**Based on: Palmer R, Coleman JC, Joshi RA. Infrared tympanic thermometry in comparison with other temperature measurement techniques in febrile children. Paediatr Child Fam Med. 2006; 1(1):40-45.

Fiamma Holdings Berhad
Magazine Advertisement

A black and white advertisement for the Braun Series 7 shaver. The central image shows a Braun Series 7 shaver standing vertically against a dark background. To its left is a pufferfish, inflated and covered in spines, with blue concentric circles radiating from it, suggesting vibrations. The shaver has a blue light on its handle. At the bottom left, there is a small inset image of the shaver's packaging and a short paragraph of text. The Braun logo is at the bottom right.

Hairs up. Hairs off.
That's the Braun Series 7 principle.

Braun presents the new Series 7. The world's only shaver using sonic vibrations to help raise problem hairs before cutting them close to the skin. A breathtaking new technology for Braun's closest and most comfortable shave ever.
